Subject: Pavement Certification – Mill Run Subdivision  
Camden County

Dear Mr. Lamb:

We have received the attached test report from GET Solutions, dated October 1, 2018, for the construction of Mill Run Subdivision in Camden County.

The Pavement Design consisted of 6" of ABC Stone Base overlain with 2" of S-9.5B Surface Course.

Based upon our review, the asphalt surface and aggregate base courses are in general conformance with the Minimum Design and Construction Criteria for Subdivision Roads.

This road will be eligible for petitioning the addition to the State System of Maintained Roads upon completion of paving, and satisfying all other applicable minimum NCDOT criteria.

Sincerely,

Randy W. Midgett, PE  
District Engineer
