

FREE COVID RAPID TESTS BY MAIL

The Biden Administration is launching an effort to mail **FREE** at home rapid COVID-19 test kits to those individuals that request one. At this time, the main tool for testing kit distribution will be a website— <https://www.covidtests.gov/>

Please note:

- * Each household can order four (4) free tests as part of this effort.
- * The <https://www.covidtests.gov/> site will eventually have videos and instructions showing how each of the different types/brands of tests work, should you need to assistance in using the tests.

If you have any questions, please contact **Lee Gray** at **(252)404-7096**.
