

Camden County is working on a county wide revaluation that will go in effect on January 1, 2023. Pearson's Appraisal, Inc. is working on this project. There will be staff from his company working out in the field. They will be looking at properties and measuring improvements that are not listed on the appraisal card. Also, they will be updating pictures for the appraisal card. They will have ID and magnetic signs on the car. If there are any concerns, please do not hesitate to contact my office at 252-338-1919 ext. 806 or the Sheriff's office at 252-338-1919 ext. 240.
