

Emergency Management

Camden • Pasquotank • Elizabeth City

08/2020

Ref: Special Needs Registry and Project Lifesaver

Camden-Pasquotank Emergency Management handles the Special Needs Registry for our area. This registry should be considered strong for ALL people who have special medical needs or physical disabilities that may need extra, unique assistance during a major emergency. **The information submitted to the Camden-Pasquotank Special Need Registry is held confidential and only accessed to assist in your safety and well-being.** (This does exclude Nursing Homes)

Camden and Pasquotank County Sheriff's Office handles the "Project Lifesaver" program. This is a premier search and rescue program that is strategically designed for "at risk" individuals who are prone to the life threatening behavior of wandering. The primary mission of Project Lifesaver is to provide timely response to save lives and reduce potential injury for adults and children with propensity to wander due to a cognitive condition (Autism, Dementia).

If you know someone who would benefit from either of these programs, please share this information with them.
