Public Hearing - Request for Amendments to Conditional Use Permit – E & J Holdings

The Deputy Clerk swore in Attorney Kate McKenzie, Permit Officer Dave Parks and Eddie Hyman for the purpose to present evidence for amendments to E & J Holdings Conditional Use Permit.

Permit Officer Dave Parks stated the County has received the attached request from E & J Holdings (XE/Blackwater) to amend the conditions of their existing Conditional Use Permit (CUP) issued by BOA in January 1997.

Staff reviewed the request and determined that since the current ordinance requires a Special Use Permit for shooting range facilities, the original CUP permit (amended several times) be re-adopted as a Special Use Permit to include all previous conditions and the requested conditions. The benefit is the County will have a signed/recorded updated permit on file and will bring E & J Holdings up to current ordinance requirements.

Staff discussed request with the Planning Board at their March 18, 2009 meeting. There were four amendment requests 1) Weapons type restrictions to include machine guns subject to the physical constraints of the property; 2) Allowing Military, Law

Enforcement activities to include Federal Agency groups; 3) The use of concussion type explosives up to a certain amount maintained on site and used during any one evolution; and 4) a change in hours of operations. Adjacent property owners (Moyock residents mostly), Sheriff Perry, and Larry Johnson representing group against the OLF were present. Kate McKenzie (General Counsel) and Eddie Hyman (surveyor) represented E & J Holdings.

E & J Holdings representatives and staff discussed Amendments 1, 2, and 3 listed above with the Planning Board. Mr. Hyman presented a map to reflect existing ranges and the safety zones (different type of weapons). Staff discussed the types of training conducted and the groups (military, law enforcement ect.) who utilized this training with the board. Also, discussed was the use of concussion type explosives on site and staff recommended the language that Currituck County approved for their permit issued to E & J Holdings. Sheriff Perry commented on the noise generated by these types of devices and that he has received complaints (mostly from Currituck residents) covering a two year period about unknown loud noises (i.e. gun fire/explosions). Complaints were directed at E & J Holdings, but were never fully investigated.

Amendment 4 was a request to modify existing hours of operations (current approved hours are from 7:00 AM to 10:00 PM daily) of the Range Facility. Kate McKenzie stated the additional hours were needed to satisfy the needs of a client that requires additional night time training. Residents from Moyock stated that additional hours should not be granted for various reasons (schools students need to sleep, increased hours of noise, etc). One resident stated she has been in contact with the client and stated that they did not require the additional hours of night time training. Planning Board member Terri Griffin asked if she could get a letter from the client or if the client could attend a meeting stating this. Resident said she would get a letter. After further discussion, Planning Board tabled request in order to receive additional information.

Prior to the April 15th Planning Board meeting, E & J Holdings sent staff a letter stating to pull the request for extension of the hours.

The Planning Board unanimously recommended approval to re-adopt the original CUP as a Special Use Permit with the conditions as stated in the Findings of Facts.

At the April 15, 2009 Planning Board meeting staff presented and recommended approval of the Special Use Permit with the conditions stated in the Findings of Fact (both previously approved and the 3 amendments requested). Permit Officer Dave Parks reviewed the conditions as follows to be accepted as evidence:

- 1 The applicant must strictly abide by all requirements of the Unified Development Ordinance of Camden County, North Carolina, and must also strictly comply with all other local, state, and federal ordinances, laws, rules and regulations as one or more ordinances, laws, rules and regulations may apply to this development.
- 2 Reputable firm designing the facility. (Original permit condition – BOA approved 1/6/1997)

- 5 Designed in accordance with all Camden County, State of North Carolina and Federal Building Codes. (Original permit condition – BOA approved 1/6/1997)
- 6 Weapons type restrictions shall include machine guns (defined as any firearm capable of firing multiple rounds with one trigger pull up) subject to the physical constraints of the property, for use only by any law enforcement, military, federal agency, or any group duly authorized to use these style weapons. (Approved by BOC 5/18/2009)
- 7 Permitted up to 60 ranges and that any future requests shall be addressed in blocks of ten (10). (Approved by BOC 11/20/2006)
- 8 Paintball activities authorized for Federal and Governmental agencies only. (Approved by BOA 8/20/2002)
- 9 No business access through George Wood Farms, Inc. property (where the present right of way exists). (Original permit condition – approved 1/6/1997)

- 11 No unit tactics shall be taught to civilian groups. (Original permit condition – BOA approved 1/6/1997)
- 12 No training or fire arms use shall be taught to convicted felons. (Original permit condition – BOA approved 1/6/1997)
- 13 Hours of operations shall be from 7:00 AM to 10:00 PM daily. (Ordinance language Under Specific Standards for shooting range facilities set the hour of operations. That language was amended and approved by BOC on 11/20/2006 to set hours of operations as a condition of permit).
- 14 Concussion type explosives shall be permitted for use by law enforcement, military or federal agency group duly authorized to use these types of explosives. The maximum amount of explosives on site at any one time shall not exceed 100 pounds stored and 10 pounds utilized during any one evolution. (Approved by BOC 5/18/2009)
- 15 If any of the conditions affixed hereto or any part thereof shall be held invalid or void, then this special use permit shall be voided and have no effect.
