Application is hereby made for: Temporary Electrical Service _____

Service in the name of _____

Utility Project Number _____

Site Address _____

Tenant Name _____

Area / Circuits to be Energized _____

Responsible Agent _____

Address _____

State _____ Zip Code _____

From the NEC with NC Amendments:

10.8 Provisions for temporary power

10.8.1 Scope. The provisions of this section apply to the utilization of portions of the wiring system within a building to facilitate construction.

10.8.2 **Provisions for Temporary Power.** The electrical Code Enforcement Official shall give permission and issue a permit to energize the electrical service when the provisions of 10.8 and the following requirements have been met:

- 1) The service wiring and equipment, including the meter socket enclosure, shall be installed, the service wiring terminated, and the service equipment covers installed.
- 2) The portions of the electrical system that are to be energized shall be complete and physically protected.
- 3) Grounding electrode system shall be complete.
- 4) The grounding and the grounded conductors shall be terminated in the service equipment.
- 5) At least one receptacle outlet with ground fault circuit interrupter protection for personnel shall be installed with the circuit wiring terminated.
- 6) The applicable requirements of the North Carolina Electrical Code apply.

10.8.3 **Uses Prohibited.** In no case shall any portion of the permanent wiring be energized until the portions have been inspected and approved by an electrical Code Enforcement Official. Failure to comply with this section may result in disconnection of power or revocation of permit.

10.8.4 **Application for Temporary Power.** Application for temporary power shall be made by and in the name of the applicant. The application shall explicitly state the portions of the energized electrical system, mechanical system, or plumbing system for which application is made, its intended use and duration.

10.5.8

Security and Notification. The applicant shall maintain the energized electrical system or that portion of the building containing the energized electrical system in a secured and locked manner or under constant supervision to exclude unauthorized personnel. The applicant shall alert personnel working in the vicinity of the energized electrical system to its presence.

I, the undersigned, hereby request all inspections necessary to approve temporary utility service at

_____ (site address) for 30 ___ 60 ___ 90 ___ days, upon approval by the Camden County Inspection Department, and further request that on the following day after the temporary service expires, that the service be disconnected unless a Certificate of Occupancy has been issued, or if a new application to extend temporary service has been approved. Temporary service is issued solely as a courtesy for the completion of construction and the following conditions:

- Structure is not to occupied unless a Certificate of Compliance for occupancy has been issued.
- Any portion of the permanent wiring system shall not be energized until the portions have been inspected and approved by the electrical inspector.

Any violation of the above will automatically void the temporary electrical service and power will be disconnected from the structure.

I hereby certify that I have read the complete application and understand its contents. I further do hereby, release and agree to indemnify, save, and hold harmless, Camden County, its employees, the utility companies, from any and all liability due to or arising from the Camden County Inspection Department, causing the electrical service(s) to the above-mentioned premises being disconnected for violation of temporary power rules.

It is the applicant in charge responsibility to notify all persons entering or working on site that the electrical service has been energized to the premise and provide all safeguards during construction. Camden County Temporary Power Caution Placards must be placed at all entrances for the duration construction. By signing and submitting this form you are releasing Camden County and their employees from all liability due to damage, fire, accidental death, or injury involving temporary power being supplied to the premise.
