

TAKE THE 2020 CENSUS & MAKE CAMDEN COUNTY COUNT!

IT'S EASY:

- Respond to the census online at 2020census.gov, by telephone, or by mail.
- The census only asks 10 questions and takes less than 10 minutes to complete
- Respond early so that a census worker will not have to visit your home in person.

IT'S IMPORTANT:

- \$675 billion of federal money will be divided among the states, counties, and local communities each year for the next ten years based on information collected by this census.
- Your congressional, state, and local voting districts will be redrawn based on census responses
- North Carolina could gain a 14th seat in the U.S. House of Representatives, but only if everyone responds!

IT'S SAFE:

- Census responses are only used to create statistics and cannot be traced back to an individual person or household.
- Census responses are kept confidential for 72 years.
- By law, your census response cannot be used against you by any government agency including law enforcement or to determine your eligibility for government benefits.

Together, we can ensure
that our community receives the
resources it needs.
